Diva 2026

ULTIMATE PATCHES

FAST & EASY INSTALL GUIDE + PATCH LIST

Congratulations on your purchase of the all-new U-He Diva ULTIMATE PATCHES, one of the most popular professional patch sets for the synth with 150 next-level sounds ranging from vintage to modern to futuristic.

Install Requirements

1. U-He Diva plugin synthesizer 1.4.8 (or higher), installed and working
2. A PC (Windows 7 or higher), Mac (macOS 10.10 or higher) or Linux (with glibc version 2.28 or higher)

IMPORTANT!

- **We've assigned useful mod wheel settings to virtually every patch. Aftertouch is also set up on some patches.**
- **Patch volumes vary, as we sometimes overdrive patches for saturated sounds, and underdrive for delicate sounds.**

INSTALLATION - *If you haven't loaded patches into Diva before, here's how to do it:*

1. Make sure you have Diva installed and working.
2. Copy the ULTIMATE PATCHES - VOLUMES 1+2 folder to your desktop (you'll find the folder in the zip flie you downloaded from us).
3. Open Diva in your DAW and click on the **Presets** tab.
4. Click and hold that folder that is on your desktop (ULTIMATE PATCHES - VOLUMES 1+2) then drag-and-drop it directly onto Diva's **User** folder (located in Diva's preset browser list). After a few seconds / minute, the patches finish installing.
5. Right-click anywhere in the Diva browser and select Refresh, or restart Diva. Now you'll see the newly installed bank.
6. Profit!

If you've followed the above instructions but have questions, feel free to contact us via the contact page on our website **https://www.ultimatepatches.com** — we usually respond within a few hours, and usually the same day!

Legal/License: Use these patches freely to create your musical compositions with — they can be used in personal or commercial recordings, or when playing live. However, none of the patches are allowed to be redistributed "as-is" or with superficial modifications — it is expressly forbidden to post them online, use them for ai training, or give them away / sell them in digital, sampled, patch sheet, physical or any other format for free or for pay/trade. These patches are for your use only. The compositions in the sequences and Youtube video demo are copyright protected via their respective owners, and music in any sequences is only for demonstration purposes of the patches. If you would like to license a musical composition heard in the video, some of the unpublished original music is available for licensing; contact support@ultimatepatches.com.
